

## FRICK DISAPPEARS.

He Quietly Folds His Tent and Departs.

NO ONE SEEMS TO KNOW WHERE

Just How Long He Will Be Gone and What His Object Is in Going Are Also as Much of a Mystery—Secretary Lovejoy Interviewed on the Subject.

Pittsburg, Aug. 15.—H. C. Frick left Pittsburg Saturday. No one of his subordinates knows where the chairman intended going, and but few of those about the Carnegie office had information that he had gone.

Mr. Frick was at his office in the morning, but some time during the day he disappeared. He took with him Officer McTigue, and it was reported that he would be absent for ten days at least. Secretary Lovejoy said he had no information of Mr. Frick's movements. He had heard, however, that Mr. Frick had gone away for a rest, but he had received no official notice of such a movement. "Mr. Frick has thrown his whole life into the fight which has just happily ended," Mr. Lovejoy said. "He has exhausted himself, and I have no doubt he has gone to some quiet resort for a short rest. Mr. Frick has just won the greatest fight ever waged, and he is certainly entitled to all the rest his business will allow him."

"He may have hurried off to the seashore, or he may have gone to Ligonier, Cresson or some other mountain resort, but wherever he is, he has not left Pittsburg through any fear, but to get a needed rest."

The report that anarchists are looking for Mr. Frick seems to have excited the police and the people generally more than it did Mr. Frick himself. The subject was liberally discussed on the streets Saturday, and the Pittsburg detectives were industrious in their efforts to overtake anyone that even looked like Aaronstamm. During the day two men answering the description of the much-wanted anarchist were stopped on the streets by the local detectives, but in each case the parties proved their identity and were allowed their liberty.

In a conversation in the jail Saturday between Attorney Friedman and Bergman, the latter said he knew of no such man as Aaronstamm, so much talked about recently. "Bergman," said Mr. Friedman, "seems perfectly at ease. He talks freely and intelligently, reads the papers every day, and seems as happy as a man could well be under the same circumstances."

Carl Knoll, the alleged anarchist, was released from jail Saturday afternoon at 4 o'clock, on \$7,000 bail. His bondsmen were Conrad Weber, Louis Rilquer and George Rudolph, of Allegheny, and Peter Albert and Andrew Imgrunt, of this city.

## SWITCHMEN STRIKE AT BUFFALO.

Several Acts of Lawlessness and Incendiary Fires.

BUFFALO, Aug. 15.—The second day of the strike of railroad switchmen was marked with several acts of lawlessness. Cars were set loose to run down an inclined trestle, causing a wreck. An incoming train was boarded by men on watch for "scabs," and about fifty men were driven from it. Several men were assaulted during the day. More trouble is feared, and there are rumors that the strike will spread. Altogether the situation seems critical.

At a quarter to 2 yesterday morning somebody—supposed to be the strikers—started three fires, simultaneously, in different parts of the Lehigh Valley freight yards at East Buffalo. An alarm was sounded and the fire department and the entire reserve force of police were quickly dispatched to the scene. It was a well-planned and well-executed plot, as the fires were started where the cars were thickest; no hydrants from which water could be obtained, and at a time when the yards were deserted. Eighteen freight cars, loaded with merchandise, and two passenger coaches, together with two office buildings, were completely destroyed.

A train of fifteen coal cars, which was standing on a coal trestle, was started down the incline and crashed into an engine at the bottom, wrecking it and a water crane.

Four freight trains on the Lehigh Valley were derailed in the Lehigh Valley yards last night. Eight cars were wrecked on the Erie.

The excitement caused by the fires and wreck had nearly calmed down when it was started anew by the boarding of the Erie train due at 11:10 a. m., by the strikers. The affair happened at the William street crossing, where there is a junction. As the train stopped a number of men got aboard and drove something over a carload of men from the cars. The supposed "scabs" ran or were driven in every direction. One at least was badly hurt and removed to the hospital. His name is Henry Schrader.

When the incomers had been scattered the strikers let the train go on its way. The men who were driven out were believed to be a party of men who were being brought here to take the strikers' places.

Superintendent Brunn, of the Erie, on being asked about the stoppage of the train and the clearing out of the passengers, admitted that the train had been stopped. "They were passengers," he said, "and I suppose the strikers had no idea they were men coming here to take their places."

While at the hospital Schrader was very anxious that Superintendent Brunn, of the Erie, should know of his condition, saying he and his men had been sent for from New Jersey to take the places of the strikers. His injuries were not serious, being only a few scalp wounds and a badly kicked shin.

Chief Sweeney, of the switchmen's

union, received a telegram last night from Master Workman Powderly stating that fifty non-union men were on their way from Philadelphia to take the strikers' places in the Buffalo yards.

Many switches were turned and to avoid danger the engineers of all trains were given positive orders to run carefully through the Buffalo yards and watch for open switches.

During the afternoon a train of perishable goods on the Buffalo and Southwestern division of the Erie was boarded by men between Seneca street and the Western New York and Pennsylvania crossing and the pins pulled from every car, stalling the train. It was something over an hour before the train could be moved into the yards.

The roads which will probably be tied up next are the New York Central and West Shore. Action on the question of strike on these roads may possibly be taken today.

The strike on the Erie and Lehigh Valley lines has extended to Waverly and Sayre on the Lehigh, and freight traffic on that line is at a standstill. A train of beef stands on the Erie siding there, the switchmen refusing to allow it to be switched to the Lehigh tracks to proceed to its destination. The division superintendent of the Lehigh has telegraphed to Owego for the sheriff to come to his aid, although the men are making no demonstration. Tomorrow it is expected that the Erie men will also go out and the traffic all through these towns will be a standstill. The men are non-communicative and their future movements are unknown.

The position of the other railroad men towards the strikers is a subject of considerable interest. The Switchmen's Mutual Aid association, the Brotherhood of Locomotive Engineers, the Brotherhood of Railway Trainmen, and the Brotherhood of Railway Conductors up to a year ago were in a body known as the Federation of Railway Employees. On account of the action of the trainmen in taking the place of the switchmen on the Burlington this body was practically dissolved. This leaves the switchmen practically acting alone, but as the Brotherhood of Conductors and Brotherhood of Trainmen also have grievances, they have promised to join the switchmen in their fight.

The violence of the strikers reached its furthest point early yesterday evening when an attempt was made to throw a train loaded with passengers into the ditch at the Erie yards in Cheektowaga.

That there were no serious results in loss of life or at least injury to some of the passengers is marvelous. Since late in the afternoon all the city-bound passenger trains were obliged to make the run from Lancaster to the city over the eastern track owing to the blockading of the westbound track by two loaded freight trains which had been brought to a standstill by the strikers and left disabled on the main track.

About 9 o'clock the Hornellsville accommodation train No. 17 reached the William street station where it was to be backed up and take the west-bound track to make the remainder of the run into the city. Before the train could be brought to a stop and while still moving at a rate of three or four miles an hour, the switch directly opposite the telegraph station was pulled back and the train was sent crashing over the tracks and sideways. There were four coaches on the accommodation and all were crowded with passengers many of them standing on the platforms at the time. The engine stuck to the track but the baggage car was thrown diagonally across the space between the main track and the side track into which the switch opened. The first coach was a way over to the side of the baggage car and partially on the side track. The last two coaches did not leave the track and after a delay of about half an hour they were backed onto the west-bound track and brought into the city.

The excitement over the wrecking of the train had not yet died down when the strikers had a new sensation ready. At about 10 o'clock a fire was started among a number of standing Lehigh Valley empty freight cars about half mile from the city limits. After the destruction of about twenty-five cars the flames were subdued. The whole police reserve has been ordered on duty and the situation is hourly growing worse.

## Suit for Slander.

WABASH, Ind., Aug. 15.—James Mahaffey, of Converse, brought suit Saturday against Roscoe Kempe, of the same place, for slander, in the sum of \$5,000. It is alleged that in a recent trial in Marion, when three Converse youths were tried for intoxication on evidence of Mahaffey, that Kempe was engaged in the defense, and made serious charges against his character, charging among other things that he kept a house of ill-fame.

## JOHN G. WARWICK DEAD.

One of Ohio's Representatives in Congress Dies in Washington.

WASHINGTON, Aug. 15.—Representative Warwick of Ohio, died at the Riggs house at 9:30 o'clock yesterday evening from dysentery.

Mr. Warwick was taken sick last Thursday week, but his condition was not considered critical till last Friday, when a physician was called in, and his wife and his adopted son were notified by telegraph to come here.

On August 3, Mr. Warwick went to New York on business returning the next day, he complained when he got back to Washington of an old intestinal trouble which was renewed by the excessive hot weather, but he kept up his duties and was present in the house the day before congress adjourned.

On last Wednesday he was confined to his room and his condition grew worse. His wife was a constant attendant at his bedside. His son, W. K. Warwick, arrived Saturday. He had a long talk with his father, who appreciated that his condition was critical. Congressman Warwick was conscious up to the last moment. The physicians, Dr. Baker and Sowers, did everything possible, and think that his life might have been saved but for the hot weather of last week. At his bedside during his last moments were his wife and only son, Dr. Baker, and Miss Hutton, who is a friend of Mrs. Warwick. Sargent-at-arms Yoder was notified, and at once took charge of the remains.

The remains of Congressman Warwick will be taken to Massillon, O., his late home, today over the Pennsylvania road, arriving at Massillon at 11:45 p. m. Funeral services will be held Tuesday at Massillon. The following committee has been selected to accompany the body: Senators Brice, of Ohio, and Hill, of New York; Congressman Hare and Donovan, of Ohio; Caruth, of Kentucky; Catchings, of Mississippi; Heard, of Missouri, and Bynum, of Indiana.

The body will be taken to the Episcopal church, of which Congressman Warwick was a member, and funeral services will be held at 1 o'clock Tuesday afternoon.

## JUST FOR FUN.

Fast Train Wrecked, Engineer Killed and Fireman Seriously Injured.

PEORIA, Ill., Aug. 15.—The fast train on the Chicago, Burlington and Quincy, due to leave here at 3:20 p. m., was fifteen minutes late in departing Saturday afternoon. As the train shot around a curve about three miles from the depot, at the rate of forty miles an hour, the front trucks of the locomotive jumped the rails, and a moment later the train was piled up in a ditch. The engine was turned completely around, and is a total wreck. The cars all left the track, but were not badly smashed.

George Bone, married, of Galesburg, engineer, after reversing the engine, was caught in the lever, and sustained injuries from which he died shortly after. John Maxwell, fireman, also of Galesburg, jumped after putting on the air brakes, and thus saving the train. He was quite badly injured, one leg being broken, besides internal injuries. None of the passengers were injured, though all were badly shaken up and a number bruised. It is believed that boys, placing a spike on the rail to see the engine smash it, caused the accident.

## THROUGH A BRIDGE.

Engine and Seventeen Freight Cars Dropped Into the River.

COLUMBUS, O., Aug. 15.—A serious freight wreck occurred on the Columbus, Hocking Valley and Toledo railroad Friday night. As northbound freight No. 63 was passing over a bridge, near Logan, the timbers gave way. The engine had just left the bridge when the timbers caught the cab, carrying it, with the tank and seventeen cars, to the river below.

Uriah Brown, engineer, was badly cut about the head and body; Walter Harris, brakeman, severe cut on forehead; Fred Morehead, fireman, bad bruises and broken arm. The injured men all live at Logan, where they were taken. A tramp who escaped says his partner is under the wreck. A wrecking train has been sent to the scene.

## DEED OF A MAD MAN.

CHUTE, Ill., Aug. 15.—Lato Saturday night Howard Pulver was walking home in company with a stranger. Nothing but friendly words passed between them on the way until within eighty rods of the depot. Then the stranger without a word of warning or the least cause for provocation, leaped upon Pulver and began slashing him with an old razor. After Pulver had been fatally cut, the man left him and coolly walked back up the track a short distance where, meeting an approaching freight train, he deliberately threw himself in front of the engine and was killed instantly. The only conclusion that can be arrived at is that the deed was in a sudden fit of insanity.

## MORE TROUBLE BREWING.

BRADFORD, Pa., Aug. 15.—Trouble is evidently brewing on the Bradford branch of the Erie railroad. A committee representing the engineers, firemen, conductors, brakemen and switchmen were in conference with Superintendent C. V. Merrick at Newell's hall all day yesterday discussing a scale of wages. Both Mr. Merrick and the committee are reticent as to what took place at the meeting. It is learned, however, that the principal grievance complained of is that of keeping crews out on the road over time without extra pay. Should their demands not be granted the men will strike.

## THE "TRAMP" STEAMER.

It is the Main Obstacle to the Immigration Laws.

WASHINGTON, Aug. 15.—Assistant Secretary Spaulding, who has returned from a visit to Europe, resumed his duties at the treasury department Friday. He said he had visited London, Liverpool, Antwerp, Rotterdam, Hamburg and Bremen, and had obtained much valuable information in regard to the immigration service.

He was much pleased with the system of inspection of immigrants at the port named, and especially with the precautions taken against the introduction of contagious or infectious disease.

The principal transatlantic steamship companies, he said, put all their steerage passengers through a thorough cleansing process before allowing them on the vessels. Not only are the immigrants compelled to take a bath in tanks specially provided for the purpose, but are also compelled to submit their clothing and effects to a thorough disinfection.

General Spaulding said he was satisfied that the regular steamship companies are co-operating effectively with the local immigrant authorities in their efforts to keep out all classes of undesirable immigrants, and that they are especially vigilant at the present time to prevent the shipment of persons or goods from all cholera infected districts.

In General Spaulding's opinion the principal obstacle to the enforcement of the immigration laws is the peripatetic tramp steamer, and it will be his constant endeavor, he said, to bring this class of vessels under the same system of inspection at the foreign ports as that practiced by the regular passenger steamers.

He thought that the existing laws were sufficient for the purpose, and he proposed to prepare regulations at once with a view of remedying existing evils so far as possible. General Spaulding said he had devoted his entire time to the study of the immigration question, and had had no time for the consideration of the other matters he had originally intended to investigate.

## A TERRIBLE TUMBLE.

A Furnace Man Falls 120 Feet and is Fatally Hurt.

COLUMBUS, O., Aug. 15.—Thomas Welch was brought in from Steubenville Saturday night in a critical condition, and was conveyed to St. Francis hospital. He was brought in on a stretcher in a terribly broken and bruised condition, and was accompanied by Dr. E. E. Erskine, of Steubenville, who gave the reporter the following account of his injuries and the manner in which they were received: Welch, who is a single man, aged twenty-four, was working on top of the cupola of the Jeffersonville iron furnace on the night shift.

At 8 o'clock Friday morning he fell a distance of 120 feet to the ground, fracturing both thigh bones. The bones of both legs were also broken just above the knee, and protruded through the flesh a distance of three inches. He received a terrible gash in the head, commencing back of the left eye, laying the flesh open to the skull. Death may relieve him of his sufferings before morning.

## AN ELMIRA FISH STORY.

NEW YORK, Aug. 15.—A fish story comes from Elmira: While Miss Katie Smuck, of New York city, who was bathing in Lake Kenka, near Hammondsport, Wednesday, was lying on the shore with her feet near the water, a large white fish, rarely seen in the lake, weighing over four pounds, jumped out of the water and caught one of Miss Smuck's great toes in its mouth, biting it severely. The fish was caught by a young man named Bradley with his hands and taken home and cooked for supper.

## FELL FROM A WINDOW.

MOUNT GILEAD, O., Aug. 15.—James Carlisle, a gentleman weighing 270 pounds, was fatally injured at the works of the Hydraulic Press company, of which he is superintendent Saturday afternoon. He fell from the second story window upon his head, inflicting a severe scalp wound and internal injuries. The gentlemen are one of the most prominent men of this place, and an ex-member of the general assembly of Ohio.

## ESCAPED A HORRIBLE DEATH.

LIMA, O., Aug. 15.—Freight Conductor Frank Cooper, of the Cincinnati, Hamilton and Dayton road, fell under the wheels of a car on his train, at Leipsic, Saturday while switching, and was pushed along the rails the length of several cars, but he luckily escaped with bad bruises and an injured arm. He was pulled out from under the wheels by his brakeman after the train was brought to a standstill.

## TOUGH CITIZEN KILLED.

LEON, Ia., Aug. 15.—F. W. Curry, member of the Democratic state committee, last night shot and killed William F. Ellis, a tough citizen who had repeatedly threatened Curry's life. Ellis hunted up Curry with the avowed intention of killing the latter. Ellis made a motion to draw a revolver and Curry shot. Public sentiment justifies the killing.

## HURT BY A BEER KEG.

COLUMBUS, O., Aug. 15.—J. W. Bruce, of Aurora, Ind., who stopped over in Columbus on his way to Cincinnati, was hit on the head by a beer keg Saturday afternoon and seriously injured. He was crossing the street, when the keg rolled off a passing wagon and struck him.

## STRUCK BY AN EXPRESS TRAIN.

CANTON, O., Aug. 15.—Jacob Fisher, an aged man, was struck by the Fort Wayne express while walking on the track west of this city Saturday afternoon. His left arm and two ribs were broken. He was deaf and did not hear the approach of the train.

## DESTRUCTIVE FIRES.

Several Places Visited by the Fire Fiend.

BIG LOSS IN NEW ORLEANS.

Nearly a Million Dollars' Worth of Property Destroyed—Entire Square Burned.

A Colorado Town Wiped Out of Existence—Other Fire Losses.

NEW ORLEANS, Aug. 15.—At 10:30 o'clock Sunday morning fire broke out in the Brooklyn Cooperage company's works, occupying the square bounded by Thalia, Erator, Peters and the levee. The flames were discovered in the ground floor, but the fire had been burning for half an hour before the alarm was sounded. In two hours the whole structure was a mass of ruins.

The building was property of the Brooklyn cooperage works, an auxiliary of the American Sugar Refining company, and cost \$750,000. It was thoroughly equipped with the most improved machinery and contained a large stock which was also destroyed. The building and machinery was insured for \$300,000, largely in New York companies. The stock was valued at \$100,000 and was partly insured in local companies.

The same building narrowly escaped being destroyed at the time of the big cotton press fire last March. Several buildings adjoining the cooperage took fire but the flames were extinguished.

Tom Murphy and James Scully, two firemen, were seriously injured by the falling wall. Mimm's foundry adjoining the cooperage was damaged to the extent of \$10,000 which loss is covered by insurance.

## FIRE IN A REFORMATORY.

HUNTINGTON, Pa., Aug. 15.—The first fire that has occurred here for many years up to last night raged within the walls of the Pennsylvania industrial reformatory, and the loss will probably reach \$50,000. The fire broke out shortly before 7 o'clock in the brush factory, operated by the Consolidated Manufacturing company, of Philadelphia, and its origin is charged to incendiary inmates. Two or three months ago an unsuccessful attempt was made by a prisoner to burn the same building. The brush factory and all its contents are in ruins. The building was valued at \$15,000 and contents at even a higher figure.

A large brick carpenter shop, planing room and band room adjoining are also in ruins. The building was erected at a cost of \$10,000, and it contained machinery and material valued at \$9,000 or more. The coping on the south and west walls are damaged to the extent of \$500. For a time it was feared there would be a stampede among the prisoners. Their frantic yells of "let her go" and "good, good," were evidence of how much they were concerned in the institutions' misfortune, but a few were quiet at the sight of officers and loaded rifles. The total amount of insurance is only \$17,000.

## ENTIRE TOWN WIPED OUT.

SILVERTON, Colo., Aug. 15.—The entire town of Red Mountain a lively mining camp, a short distance from here was wiped out by a fire yesterday. Sixty buildings were destroyed, including stamp mills, ore shaft houses of a number of mines in the place, all the business houses and many residences. The total loss is estimated at \$275,000, with but little insurance. The fire started a short time before daybreak and was the work of an incendiary. The town had no fire apparatus and the flames had full sway. Full particulars can not be learned on account of the inaccessibility of the place.

## RESIDENCE BURNED.

ST. PAUL, Aug. 15.—The elegant residence of John F. Eisenmenger, located at the Indian mounds, was burned at 3:30 yesterday morning. The building was valued at \$47,000 and the furniture at \$5,000, insurance \$37,000.

## GASOLINE STOVE EXPLODES.

One Woman Dead and Two Other People Frightfully Burned.

CUMBERLAND, Md., Aug. 15.—A horrible accident occurred at Folks' Mills, near here, Saturday night, by which Mrs. Jacob Humbird lost her life. She was filling the reservoir of a gasoline stove, and turning to speak to her daughter, Miss Sue, the liquid spread over the stove and was ignited from the flames. The stove exploded, enveloping her in flames.

James George, who was standing near, had the fingers of both hands burned in his endeavor to put out the fire and the daughter had her arms and hands badly burned also. With the rarest presence of mind Mrs. Humbird kept her mouth and eyes closed, and when the flames had been subdued gave directions how to apply remedies for the alleviation of her intense pain until the doctor's arrival. Medical skill was in vain and she died yesterday morning between 4 and 5 o'clock in great agony.

## MIDGETS MARRIED.

NEW YORK, Aug. 15.—Miss Lottie Swartwood, a midget, was married yesterday afternoon to Leopold Kahn, better known as "Admiral Dot." Rev. Dr. Wise, of Temple Rudolph Sholem, performed the ceremony in accordance with the Jewish rite. The bride is twenty-three years of age, and the bridegroom twenty-eight. She stands forty-nine inches in height, he, forty-eight. Both were with the Royal Midget company last year.

## BLOODY SHOOTING AFFRAY.

NASHVILLE, Aug. 15.—A bloody shooting affray occurred at a negro dance near Marion, Tenn., Saturday night. Jim Elliott and Sam Hayes, both white, being fatally wounded by a negro named Henry Wilson, who shot them through the body. Wilson escaped.

It is predicted that if Grover Cleveland wins in November, ex-Governor Knott will be the next Attorney General of the United States. That he is eminently fitted for such a position will be admitted on all sides.

Come over in the Northwest and help us, is the cry from the Republicans of Nebraska, Minnesota and Wisconsin. They are appealing to their National Committee for aid, and it is said President Harrison has actually decided to go out and make some speeches for himself.

"We cannot sympathize with those hypocritical journals which object to the \$350 tariff which Major McKinley exacts for his speeches," says the New York World. "If there is a single puerile industry in this country which needs protection it is Major McKinley's stereotyped oratory."

JOE MULHATTON must be rusticated at Greenup, judging by the wonderful stories sent out from that point of late. According to one of these dispatches, a spring has been discovered up there whose waters will blonde the hair, put color on the cheeks and turn dress goods, ribbons and eggs a bright crimson. That sounds like Mulhatten.

CONGRESSMAN MARTIN, of Indiana, after a visit to his State has this to say of the political situation: "I did not believe that we would carry Indiana by a very large majority, but within the past two or three weeks I have become convinced that Mr. Cleveland will carry the State by upward of 20,000." An Indiana man who recently visited in this city expressed great confidence that the Democrats will carry the State by the figures named.

The "net cash balance for July" is reported by the Treasury at \$27,000,000, of which \$14,000,000 is small change of limited legal tender and over \$12,000,000 is the standing loan without interest, to the "pet" national banks. So that on July 30 there was no net cash balance of available funds in the Treasury. Take away the small change and there is nothing but the hole left where the Cleveland surplus used to be—Georgetown News-Democrat.

When it comes to an economical administration of the National Government the Democrats are ahead of the G. O. P. Comparing expenditures for the fiscal years 1886, 1887 and 1888 with those for 1890, 1891 and 1892, and excluding payments for the sinking fund, interest on the public debt, premium on purchase and retirement of bonds and the postal revenues, which were used for the support of the postal service, the Harrison administration has exceeded the Cleveland administration by \$274,075,419.82, and if payment for pensions, for the increase of the navy and for the census be also excluded, the Harrison administration has exceeded the Cleveland administration by \$92,468,174.60.

Some high tariff advocates must imagine the people are woefully ignorant and easily bamboozled. A writer in the Cincinnati Commercial Gazette says: "In Germany I saw forty-five women working in the fields, with an overseer watching them like a gang of slaves. While their husbands, brothers and sons were working industriously in the factories and shops, their earnings were so small that it required the combined wages of both

The writer forgot to add, that Germany is one of the European countries that believe in "protection." The poor people referred to have been living under a high tariff for years, but that fact doesn't seem to have insured them high wages and prosperity.

## **Saturday at Park's Hill.**

Rev. Dr. Hoss, editor of the Nashville Christian Advocate, arrived this morning and preached at 10:30. His text was John iv: 24. Being a distinguished editor and preacher, much interest was manifested in his sermon. The Doctor used the verses preceding the twenty-fourth to illustrate Christ's method of addressing the people. That he always used the middle class of people to be his disciples, and that he talked to the woman at the well in the manner as with Nicodemus as ruler in Israel. He showed how ready people are to talk about other things than their own sins, for as soon as the woman found that Christ knew her life she began to ask him, saying: "Our fathers worshiped in this mountain, and ye say that Jerusalem is the place where men ought to worship."

Much interest was manifested to-day by the entire encampment in the announcement that Blue Lick water was struck and was being pumped up in untold quantities in the valley contiguous to Park's Hill. An informal meeting was held by the visitors and directors of the camp meeting association, at which Colonel R. M. Parks was voted the blue ribbon striker of the water which is to impart to this noted resort an additional source of delight and health. An analysis of the water will be sent you when I get Dr. Peter's report.

We have fine hotel accommodations and many picnic grounds. It is an enjoyable sight to walk around in the cool and shady avenues and see the beautiful family scenes that these present. As I write the children's meeting is in progress. Professor Bristow leads the little pilgrims into flowery paths of music.

## **The Country is Democratic.**

Says the Commercial Gazette: "A correspondent writes to know the highest popular vote ever received by a candidate for President. It was 5,538,421, cast for Grover Cleveland in 1888. General Harrison's vote was 5,439,877, and Mr. Cleveland's plurality was 98,444. In 1880 Garfield received a greater popular vote than Hancock, but his plurality was small, only 3,834. The greatest plurality received by any Presidential candidate, who was not elected, was by Mr. Tilden in 1876. It was 157,020."

COLE AND ANTI-COLE.

Result of the Democratic Primaries, in the Appellate Judgeship Contest, Saturday.

The Democrats of Mason County will select delegates this afternoon to the district convention at Catlettsburg next Thursday, when a candidate for Judge of the Court of Appeals will be named. The convention this afternoon will be called to order at 2 o'clock. Precinct meetings were held Saturday afternoon to choose delegates to the county convention, and the opposition to Judge Cole developed more strength than the latter's friends had expected. It is claimed by the anti-Cole crowd that they will control the convention this afternoon and select the delegates to Catlettsburg. In the meetings Saturday afternoon, each side manifested a commendable disposition to let the majority rule. There was no wrangling.

In precinct No. 1 the meeting was called to order by George W. Rogers, committeeman. Judge Cole's friends nominated Sheriff Alexander for Chairman, and the opposition presented the name of Judge Phister. An attempt was made to divide the crowd, but this was abandoned and the vote was taken by tellers. It resulted: Alexander, 115; Phister, 63. Mr. Alexander was declared elected. M. F. Marsh was elected Secretary, but he was not present, and C. L. Sallee was then elected. Delegates were selected, and they were instructed for Judge Cole. The list is as follows: John W. Alexander, C. C. Dobyns, M. A. O'Hare, C. B. Poyntz, T. M. Wood, F. P. O'Donnell, E. H. Martin, G. W. Rogers, H. D. Watson, Colonel W. W. Baldwin, David Hechinger, J. F. Perrie, James H. Hall, Dr. J. M. Frazee.

In precinct No. 2, the convention was called to order by J. N. Kehoe, the Executive Committeeman. E. L. Worthington and R. L. Baldwin were placed in nomination for Chairman. Mr. Worthington received 129 votes, R. L. Baldwin 90. The Chairman declared Mr. Worthington was elected. On motion T. J. Pickett was elected Secretary. It was moved and seconded that the Chair appoint a committee of three to select delegates to represent the precinct in the county convention. The motion was put and carried. The Chair appointed J. J. Perrine, J. L. Whitaker, and Dan Perrine as such committee. They retired and reported the following delegates, which report was adopted, viz: E. L. Worthington, E. E. Pearce, Dan Perrine, Emery Whitaker, T. J. Pickett, Trip Marsh, Robert Perrine, Rufus Robinson, Abo Brittain, J. J. Perrine, J. L. Whitaker, W. S. Watson, A. J. Brittain, Fred Bauer, T. L. Holton, James Rankins, W. L. Holton. On motion the convention adjourned.

Chester, Sardis and Mayslick instructed for Judge Cole. Germantown instructed for Judge Hazelrigg. Fern Leaf also for Judge Hazelrigg. Dover, Minerva, Murphysville, Washington, Lewisburg, Hellen and Orangeburg are also claimed by the anti-Cole crowd. One report is that Murphysville held no meeting. Summing up, the result is as follows, according to the claims of those opposing Judge Cole:

Cole.....17  
Anti-Cole.....22

Judge Cole's friends do not concede this. The convention this afternoon will settle it.

IN OTHER COUNTIES.

Bracken, Robertson, Fleming, Nicholas, Rowan, Lewis, Greenup and Breathitt instructed for Judge Cole. Judge Hazelrigg, carried Bourbon and Montgomery, and Judge Wilhoit, Carter and Lawrence. Clark is uninstructed. These are the only counties so far heard from.

Another Slick Swindler.

A few days since James Battorff, owner of a large flour mill a few miles from Jeffersonville, Ind., was visited by two men who claimed to be from Rushville, and who stated that they were selling fanning mills. Mr. Battorff was induced to sign a contract, by which he was to sell as many mills as possible. One was placed in his mill on exhibition and was not to be paid for unless he sold it.

Battorff did not read the contract carefully until after the strangers had left, and on doing so found it to be a contract to pay for thirty fanning mills at \$25 each, or a total of \$750. A few days later he was notified that notes to that amount had been deposited in a Rushville bank and were due. He immediately wired back that they were obtained by fraud, and that he would contest the matter at law.

The same scheme has been worked in different places in Indiana, but the unfortunate miller had never heard of it, and therefore fell an easy prey to the schemers. He is one of those fellows, probably, who don't read the papers.

ONE canning company in Salem, Ore., has canned 50,000 pounds of strawberries this season. The value of the fruit is about \$2,000. Half a dozen other canneries at different points have been preserving nearly the same amount each.

NEWMAN MANNING, a nephew of the late Cardinal Manning, has been licensed as a Baptist preacher, at Louisville.

MR. JOHN MCGRAW, of near Millwood, threshed 2,700 bushels of wheat from 125 acres of land, 2 1/4 bushels per acre.

BELLSTEDT'S GERMAN MILITARY BAND, of Cincinnati, will furnish music for the Manchester fair September 7, 8 and 9.

NICHOLAS COUNTY Democrats selected delegates Saturday to the coming Congressional convention and instructed for Paynter.

DR. HALE'S Household Ointment is effecting more wonderful cures than any remedy in the world. Ask Power & Reynolds about it.

HARRY ANDREWS, of Flemingsburg, has accepted a call from his Republican friends to become a candidate for Circuit Clerk of Fleming.

RICIARD MCCORD had both arms torn off in a threshing machine in Adams County. His father and brother each lost an arm in the same manner.

ATTENTION is called to Hoeflich Bros' advertisement. They are selling all summer goods very cheap. See their new line of gloves, fans, hosiery and handkerchiefs.

THE Denver special to the Commercial Gazette says "Maysville, the famous 5-15-22 of Kentucky kept open house all day Thursday and their headquarters were jammed."

MISS JOHN ARMSTRONG, of "Edgewood," met with a painful accident late Saturday evening. In walking about her home she slipped and fell, breaking one of her legs just above the knee.

AMERICA MOORE, residing near the city, has received notice through her attorney, M. C. Hutchins, that a pension has been granted her at the rate of \$16 per month from February 7, 1891, as widow of Edward Moore.

THE Mason County Building and Saving Association will open the thirteenth series, September 3rd. Now is the time to subscribe. Call on M. C. Russell, Secretary, R. K. Hoeflich, Treasurer, or any of the directors.

THE Higginsports defeated the Aberdeen Browns Saturday by a score of 15 to 13. Another game was played by the teams at the Maysville fair grounds yesterday afternoon, resulting: Browns, 25; Higginsports, 4.

IDA MCKINNEY and Missouri Abbott, two dissolute characters who have been wandering about the suburbs, were arrested this morning by Constable Dawson and taken before Squire Grant to answer a charge of vagrancy.

NEARLY \$100,000 worth of buildings are now being erected in a central Kentucky city. That indicates enterprise, but it is nothing to the enterprise displayed by Ballenger, the jeweler, in fitting up such a store as he now has. Don't fail to stop in and look over his stock of goods.

BERT HARRISON, the young horse thief lodged in jail at Vanceburg a few days ago, is well connected, and is a handsome and intelligent fellow. He was interviewed by the Vanceburg Sun's editor and in the talk said: "Let young men beware of whisky, bad women and cards. They will ruin any young man."

A SPECIAL says T. Augustus Reid, a colored teacher of Paris, engaged Hon. John M. Langston, the colored ex-Congressman from Virginia, to deliver a lecture at a picnic Friday. The speaker came, was met at the depot by Reid, and taken to the fair grounds about 11 o'clock. Reid excused himself and said he would be back in a few moments, but he never came until sent for, about 4 o'clock. Langston remained on the grounds without dinner, and when Reid came back he tried to get out of paying him the eighty dollars promised. Mayor Chambers settled the matter by threatening to have Reid arrested, and he then paid the promised amount. Langston delivered the address after the money was paid, and also one at night. Reid is a recent comer from Jamaica.

PURELY PERSONAL.

MR. H. C. McDougle and Editor Havens spent Sunday at Dover.

Mrs. A. C. Respass is at home after a sojourn at Glen Springs.

MR. H. C. Lloyd and wife, of Cincinnati, are here visiting relatives.

Miss Layman, of Terra Haute, Ind., is the guest of Miss Ella Newell.

Mr. Harry Lanning, of Baltimore, Md., left for his home last night on the F. F. V., after spending a few days here very pleasantly with friends.

Mrs. Margaret Meek, of Council Bluffs, Iowa, is in the city on a visit to her brother, Mr. R. M. Skinner, after an absence of forty years.

Colonel S. F. B. Morse, Assistant General Passenger Agent of the L. and N., spent Sunday here with his wife, who is visiting Mr. and Mrs. Charles Ellis, of Forest avenue.

MR. HARRY P. TAYLOR, of the Newport Journal, and Mr. W. Charles Niernstheimer, who travels for the Howe Scales Company, of Cincinnati, called on the BULLETIN this morning. They spent Sunday here very pleasantly with Mr. J. L. Nicholson.

Hopper & Co.'s New Jewelry Store.

Messrs. Hopper & Co.'s new jewelry store, adjoining the First National Bank, was thrown open Saturday. The firm were kept busy all day receiving their friends who dropped in to take a look at the fine display and wish the new house success.

The room has been thoroughly overhauled and refitted, and the paper-hangers and painters have left it as bright and neat as a new pin. Handsome new show cases and counters, finished in oak, have been put in, and these are stocked with an elegant line of jewelry of every description, direct from the East.

Mr. Hopper has had several years experience in the business as senior member of the late firm of Hopper & Murphy, and has an extensive acquaintance throughout Mason and adjoining counties which will no doubt insure them house a liberal patronage. He will be assisted by Charles C. Morris, who came here from Virginia, and Mr. Robert Thomas, of this city. They will have charge of the mechanical department and prompt attention will be given to repairing. Both are experienced in their line of business.

THE BULLETIN bespeaks for the new firm a liberal share of the public patronage.

They Have the Best Talent

Says the Louisville Argus: "Barlow Brothers' Minstrel is made up of the best talent in the country, is new all through, and has so many commendable points that to mention one seems like slighting the others that were equally as good, and are all deserving of praise. There was not a tame scene nor a tiresome incident in the whole performance. The singers' voices are rich and well trained, they are tastefully arranged, and the succeeding scenes are full of rapid and beautiful surprises, making the Barlow Brothers the event of the season."

At the opera house Thursday night. Reserved seat tickets at Nolson's tomorrow.

WILLIAM HORNBACK, of Tollesboro, came to town Friday and got too full of liquor. That night he raised a rumpus, and when Deputy Marshal Crawford went to escort him to the station house, he made an effort to draw a big "hawk-bill" knife. The officer hit him one with his "billy," and as a result Hornback is now suffering from a fractured jaw-bone. In setting the fracture it was found necessary to wire the teeth, and this delicate operation was performed Saturday by Dr. John W. Cartmell, dentist, assisted by Dr. Owens.

The street car company is putting down a switch at the fair grounds.

THE C. and O.'s ticket business at Vanceburg amounted to \$10,750 last year.

DR. J. B. GRIMES, of Burtonville, has secured a position in Bellvue Hospital New York.

THE Lewis County teachers' institute will be held at Vanceburg, beginning Aug. 29th. R. N. Roark, instructor.

THE sale of seats for Barlow Brothers' Minstrels opens Tuesday morning at Nelson's. Parquet, 75 cents; dress circle, 50 cents; balcony, 50 cents.

DEPUTY MARSHAL STOCKDALE arrested Henry Thomas, colored, on charge of selling or giving liquor to minors. He will be tried before Squire Grant.

LIMESTONE FARM'S promising trotter, Black Ide, defeated a field of fast ones in the 2:40 class at Cincinnati Saturday, winning on the first, second and fifth heats. The purse was \$1,500. Best time 2:24 1/2.

MR. SAMUEL MARTIN, of Millersburg, sold one hundred mule colts at \$100. There are fewer mules being fed in Bourbon this year than for fifty years past. So says Wm. Tarr, one of the largest feeders.—Paris Kentuckian.

WANTED—30,000 bushels of Lancaster and Russian Prolific wheat, for which we will pay near Cincinnati prices, if dry, clean and free of smut.

O. H. P. THOMAS & CO., Cor. Third and Sutton St., Maysville, Ky.

MR. JOHN GARRETT, living near Rectortville, had a barn destroyed by fire last Friday night at 10:30 o'clock. It is not known how the flames started. Most of his farming implements and harness were also burned. Loss about \$1,000; insurance very small.

Says the Vanceburg Sun: "Mr. Auden Darrow, our popular and urbane Circuit Clerk, has taken a position as Pullman car conductor on the B. and O. Railway. We will wager tooth-picks against whetstones, that he is the finest looking conductor on the line."

HENRY HASSON, who deserted his wife and eloped from this city several months ago with the wife of Tom Wright, is in custody at Cincinnati and will be prosecuted on the charge of adultery. He and the Wright woman have been living in that city as man and wife ever since they left here.

AS AGENT for the Limestone Land Company, Mr. A. M. Campbell sold lot No. 6 in Hall's Addition, to Mr. R. P. D. Thompson for \$500. The lot is on the corner of Second street and Huston avenue. Mr. Thompson recently moved here from Augusta. He will build himself a home on the lot at an early day.

MR. CHARLES DIETERICH is in receipt of an interesting letter. It is from William E. Reilly, Secretary of the Republican State Central Committee, requesting Mr. Dieterich to send him the names of the Chairman and Secretary of the Republican Executive Committee of this county. The joke's on Reilly. Mr. Dieterich is one of Mason's staunchest Democrats.

## RIGGIN AT REST.

An Imposing Event Takes Place in Philadelphia.

PHILADELPHIA, Aug. 15.—All that is mortal of Boatswainmate Charles W. Riggin now rests in Woodland cemetery. The interment was made yesterday afternoon, and the civic and military demonstration in connection with the funeral was one of the most imposing given in this city for some time, 5,000 men being in line.

At 2 o'clock the body was taken from Independence hall where it lay in state Saturday afternoon, and under the chief marshaling of R. M. J. Reed, the procession formed in this order: Details of reserves under command of Captain Malin, chief marshal and staff, band, military escort; national guard of Pennsylvania, national guard of New Jersey and Hartraut light battery, Grand Army of the Republic division, marshal G. L. Warren and staff, division of Sons of Veterans, Marshal H. L. Bertu and staff, division of Patriotic Order Sons of America, Marshal C. G. Middleton and staff, Junior Order United American Mechanics, Marshal Joseph M. Leisett and staff; division of fraternal organizations, Marshal George S. Kyle and staff; naval veterans on foot, Marshal I. K. Archer; naval post 400, G. A. R. Commander H. R. Devitt; Admiral John A. Dahlgren, garrison, Lieutenant Thomas F. Kelly and Farragut association naval veterans, commander, James E. Boyle; United States marine guard, hearse and guard of honor, United States sailors and ex-sailors and former shipmates of Riggin, all under the command of naval officers; carriages containing clergymen, orators, distinguished guests, naval veterans legion, members of joint committee and civic societies, carriages containing floral offerings.

The streets were lined with spectators five feet deep and the route was up Chestnut street to Broad, Broad to Market, Market to Thirty-ninth, and thence to the cemetery. The large cemetery was crowded and upon arriving there the right of the line was halted and upon arriving there the right of the line was halted on the main avenue directly opposite the Riggin plot, where ranks were opened and the hearse with the guard from the United States navy yard proceeded through the line, the usual honors being paid. The body was met at the grave by Riggin's relatives and friends. The services opened with prayer by Rev. Samuel H. Boyer, an Episcopal clergyman, at whose church Riggin was an attendant. The rector spoke feelingly of the dead sailor and alluded to his love for his country and flag.

Captain W. W. Kerr next delivered an oration and read the sworn testimony of eye-witnesses of the Valparaiso affair. The choir of Centennial Baptist church, under the direction of Professor George Lucens, sang "My Country 'Tis of Thee," the assemblage joining in the chorus. Rev. Dr. Duncan MacGregor spoke on behalf of the Naval Veterans' association, in which he commended Mayor Stewart for allowing the body to repose in Independence hall and a local paper for its enterprise in bringing the remains from Valparaiso.

Afterwards Dr. MacGregor delivered the burial sermon. A last salute was then fired by a party of marines from the League Island navy yard. It was nearly 7 o'clock when the services were concluded. The grave was lined with evergreens, and at the head was an elegant floral offering representing a broken column, with the inscription, "Only a boatswain's mate." The metallic casket was incased in a plain oak coffin, upon which was inscribed, "Charles W. Riggin, 1892."

Naval War College to Be Reopened.

WASHINGTON, Aug. 15.—For the first time in two years the naval war college at Newport will be open again Sept. 1 next, the new building having been completed and put in order for the reception of officers, who will be ordered there for a course of instruction. Under Captain Mahan, its new president, extensive preparations are being made to give many of our new ships speed and tactical trials, torpedo and boat drill in conjunction with the presence of the new class of officers, and it is now practically settled that all of the ships of the North Atlantic squadron will be present to take part in the drills and evolutions.

Sensation in the Penitentiary.

COLUMBUS, O., Aug. 15.—William Fitzgerald, a notorious safe-blower who has worked in almost every state in the union, created a scene in the kitchen of the Ohio penitentiary at the evening meal Saturday night. He was suddenly attacked with faintness, or insanity, and fell forward prone upon the table. The act caused consternation among the other prisoners, and as Fitzgerald's inanimate form was carried away the excitement grew intense. He revived after reaching his cell, but may be permanently deranged.

Walking Around the World.

OGDEN, U. T., Aug. 15.—John A. Botzum is in this city on his way around the world on foot. Botzum is a young newspaper man of talent, and is performing a feat that perhaps no living man ever accomplished. He left Akron, O., in March 1891 and is now on his way home. He will remain in Ogden about a week to rest up, and will then proceed on his journey. He expects to arrive home about Christmas.

Race Across the Ocean.

NEW YORK, Aug. 15.—The steamships Aurania and Alaska, of the Cunard and Guion lines respectively, steamed into port yesterday one minute time apart. They had a thrilling race from Fastnet Rock, and were within hailing distance of each other the whole way across. The Aurania crossed the finish line at Sandy Hook just one minute ahead of her big rival. The Alaska left Queens-town fifty-four minutes earlier than the Aurania, the former covering the distance in six days, twenty hours and thirty-eight minutes, and the latter in six days, nineteen hours and forty-three minutes.

MEMPHIS, Aug. 15.—J. D. Tolbert, a plantation superintendent, was attacked by a gang of drunken negroes near the second street bridge late Saturday night and slashed with razors. The murder was without provocation. The affair has created great excitement and a large posse followed the murderers into the country whither they fled.

## KNIGHTS INJURED.

A Railway Wreck in Which Fourteen Persons are Hurt.

CLINTON, Ia., Aug. 15.—As a special passenger train of nine cars, loaded with Knights Templar returning east from Denver, was nearing the city, on the Chicago and Northwestern, Saturday noon, one of the sleeping cars was rolled down a twenty-foot embankment and two others left the track. Strangely enough, no one was killed, though fourteen were hurt, one of whom, Reuben Bresell, of Hazleton, Pa., is badly injured.

The train consisted of an engine, baggage car and seven sleepers, carrying Knights Templar from along the line of the Lehigh Valley road, in Pennsylvania and New Jersey, with Grand Commander Colding, of Pennsylvania, in charge. Through an accident of some sort to the fifth sleeper, it jumped the track and derailed the other two following it. The last one turned completely over, and landed in the ditch beside the road. A number of persons were injured, but aside from Mrs. Charles Rhodes, of South Bethlehem, Pa., and Reuben Bresell, of Hazleton, Pa., all were able to proceed on their journey to Chicago.

Mrs. Rhodes and Mr. Bresell were taken to Clinton and cared for. Fortunately there were four physicians on board the train, who were able to give the necessary medical assistance to those who were hurt.

The following is a list of those who were injured but were able to proceed: V. H. Everhart, of Easton, Pa.; Samuel Wells, of Stanhope, Pa.; S. S. Cook and wife, of Newton, N. J.; Miss L. C. De Hart, of Easton, Pa.; Mrs. Harry Haines, of Easton, Pa.; W. H. Obert, of Lehigh, Pa.; Miss Wells, of Stanhope, N. J.; C. E. Brunkham, of Lehigh, Pa.; J. W. Fitz, of Washington, N. J.; John Pursel, of Phillipsburg, N. J.; Ellensberg, of Phillipsburg, N. J.; Dr. C. K. Davison, of Stanhope, N. J. Mr. Bresell is the most seriously hurt, but it is not believed that his injuries will prove fatal.

It is expected that Mrs. Rhodes will be able to resume her journey tomorrow. The accident occurred about two and a half miles west of Clinton.

One Hundred and Four Years Old.

POUGHKEEPSIE, N. Y., Aug. 15.—Mrs. Margaret Van Fradenburg, of Red Hook, Dutchess county, yesterday celebrated the one hundred and fourth anniversary of her birthday. She was tendered a banquet at the house of Mr. and Mrs. Charles Proper. She chatted with the guests and acknowledged many congratulations.

Poisoned the Well.

SPRINGFIELD, O., Aug. 15.—A sensation was created here Saturday by an attempt at wholesale poisoning. Mrs. Carrie Howard, of Miami Valley, put poison in the well of Madison Waldron, a neighbor. The trouble between the families was caused by their children's quarrels.

A Vicious Bum.

ANDERSON, Ind., Aug. 15.—Detective Gallagher, of the Panhandle, captured William Martin at Alexandria Saturday and took him to Logansport. Martin is a vicious bum, who assaulted Conductor Hunter and tried to beat his brains out with a boulder a few days ago when Hunter fired him off a train.

Hat Dealer Assigns.

LOGANSPORT, Ind., Aug. 15.—S. B. Patterson, dealer in hats and furnishing goods, made an assignment Saturday to S. M. Velsey. Liabilities, \$15,000; assets, \$8,000, covered by mortgages to preferred creditors. Started business on borrowed capital and was not able to make a success.

Many Propositions.

MARION, Ind., Aug. 15.—Moses Bradford, the rich old widower, who was foiled in the matrimonial market at Muncie, is receiving many communications from marriageable women. Five reached him Saturday after the matter was aired in the newspapers.

Great Men Not Always Tall.

Louis the Great, less his high heeled shoes and towering wig, dwindles to about 5 feet 6, but even thus pared down to the inches nature gave him he was a giant compared with Sir Francis Drake and with Admiral Keppel—"Little Keppel," as every sailor in the fleet fondly dubbed him from pure love and admiration.—Gentleman's Magazine.

Why the Negro Stands Heat.

The African is better protected against the evil effects of the excessive heat than his white brother in two ways. The texture of his cuticle is exceptionally well adapted to encourage free perspiration and his natural temperament does not incline him to borrow trouble largely.—Chicago Herald.

Curious South American Ants.

There is a species of ant in South America that plant and cultivate a kind of grass called ant rice, and are so advanced in civilization that malting is understood by them. Then there are mushroom growing ants, who cultivate fungus, and others again who use umbrellas.

In spraying with arsenicals against the coating moth, the safe proportions are one pound of poison, either paris green or London purple, to 150 gallons of water. When this is properly done but little harm is possible.

A Frenchman has succeeded, it is said, in producing an excellent driving belt by parching the leather instead of tanning it. The belts have greater durability and do not stretch.

The most expensive legislature in the world is that of France, which costs annually \$3,600,000,000. The Italian parliament costs \$430,000 a year.

The Greeks sometimes buried their dead in the ground, but more generally cremated them in imitation of the Romans.
